KEY=SHOCKING - FITZPATRICK SCHMIDT

Lincoln's Last Days

The Shocking Assassination that Changed America Forever

Macmillan Describes the events surrounding the assassination of Abraham Lincoln and the hunt to track down John Wilkes Booth and his accomplices.

The Assassination of President John F. Kennedy

A Day That Changed America

Capstone "President John F. Kennedy was a popular president. On November 22, 1963, he waved to excited crowds from the back of a car as it wound through the streets of Dallas, Texas. Suddenly, gunshots rang out. The president had been shot! He died shortly after. The country had lost its leader. Now readers can step back in time to learn about what led up to the assassination, how the fateful day unfolded, and the ways in which one shocking day changed America forever"--

Killing Lincoln

The Shocking Assassination that Changed America Forever

Henry Holt and Company A riveting historical narrative of the heart-stopping events surrounding the assassination of Abraham Lincoln, and the first work of history from mega-bestselling author Bill O'Reilly The iconic anchor of The O'Reilly Factor recounts one of the most dramatic stories in American history—how one gunshot changed the country forever. In the spring of 1865, the bloody saga of America's Civil War finally comes to an end after a series of increasingly harrowing battles. President Abraham Lincoln's generous terms for Robert E. Lee's surrender are devised to fulfill Lincoln's dream of healing a divided nation, with the former Confederates allowed to reintegrate into American society. But one man and his band of murderous accomplices, perhaps reaching into the highest ranks of the U.S. government, are not appeased. In the midst of the patriotic celebrations in Washington D.C., John Wilkes Booth—charismatic ladies' man and impenitent racist—murders Abraham Lincoln at Ford's Theatre. A furious manhunt ensues and Booth immediately becomes the country's most wanted fugitive. Lafayette C. Baker, a smart but shifty New York detective and former Union spy, unravels the string of clues leading to Booth, while federal forces track his accomplices. The thrilling chase ends in a fiery shootout and a series of court-ordered executions—including that of the first woman ever executed by the U.S. government, Mary Surratt. Featuring some of history's most remarkable figures, vivid detail, and page-turning action, Killing Lincoln is history that reads like a thriller.

100 Media Moments that Changed America

ABC-CLIO From the launching of America's first newspaper to YouTube's latest phone-videod crime, the media has always been guilty of indulging America's obsession with controversy. This encyclopedia covers 100 events in world

history from the 17th century to the present--moments that alone were major and minor, but ones that exploded in the public eye when the media stepped in. Topics covered include yellow journalism, the War of the Worlds radio broadcast, the Kennedy-Nixon debates, JFK's assassination, the Pentagon papers, and Hurricane Katrina. These are events that changed the way the media is used--not just as a tool for spreading knowledge, but as a way of shaping and influencing the opinions and reactions of America's citizens. Thanks to the media's representations of these events, history has been changed forever. From classified military plans that leaked out to the public to the first televised presidential debates to the current military tortures caught on tape, "100 Media Moments That Changed America" will demonstrate not only an ever-evolving system of news reporting, but also the ways in which historical events have ignited the media to mold news in a way that resonates with America's public. This must-have reference work is ideal for journalism and history majors, as well as for interested general readers. Chapters are in chronological order, beginning with the 17th century. Each chapter starts with a brief introduction, followed by media event entries from that decade. Each entry explains the moment, and then delivers specific details regarding how the media covered the event, America's response to the coverage, and how the media changed history.

The Assassination of John F. Kennedy

Political Trauma and American Memory

Routledge On November 22nd, 1963 the assassination of President John F. Kennedy set into motion a series of events that irrevocably changed American politics and culture. The media frenzy spawned by the controversy surrounding the death of JFK has since given way to a powerful public memory that continues to shape the way we understand politics, the 1960s, and the nation. In *The Assassination of John F. Kennedy: Political Trauma and American Memory*, Alice George traces the events of Kennedy's assassination and Lyndon B. Johnson's subsequent ascension to the presidency. Covering both the political shifts of the time and the cultural fallout of the national tragedy, this book introduces students of the twenty-first century to both an iconic event and to the context in which that event was heralded as iconic. Drawing on newspaper articles, political speeches, letters, and diaries, George critically re-examines the event of JFK's death and its persistent political and cultural legacy.

Kennedy's Last Days

The Assassination That Defined a Generation

Henry Holt and Company (BYR) On a sunny day in Dallas, Texas, at the end of a campaign trip, President John Fitzgerald Kennedy is assassinated by an angry, lonely drifter named Lee Harvey Oswald. The former Marine Corps sharpshooter escapes briefly, but is hunted down, captured, and then shot dead while in police custody. *Kennedy's Last Days* is a gripping account of the events leading up to the most notorious crime of the twentieth century. Author Bill O'Reilly vividly describes the Kennedy family's life in the public eye, the crises facing the president around the world and at home, the nation's growing fascination with their vigorous, youthful president, and finally, the shocking events leading up to his demise. Adapted from Bill O'Reilly's best-selling historical thriller *Killing Kennedy*, with an unforgettable cast of characters, page-turning action, and art on every spread, *Kennedy's Last Days* is history that reads like a thriller. This exciting book will captivate adults and young readers alike.

The Death of a President

November 20-November 25, 1963

Little, Brown William Manchester's epic and definitive account of President John F. Kennedy's assassination--now restored to print in a new paperback edition. As the world still reeled from the tragic and historic events of November 22, 1963, William Manchester set out, at the request of the Kennedy family, to create a detailed, authoritative record of the days immediately preceding and following President John F. Kennedy's death. Through hundreds of interviews, abundant travel and firsthand observation, and with unique access to the proceedings of the Warren Commission, Manchester conducted an exhaustive historical investigation, accumulating forty-five volumes of documents, exhibits, and transcribed tapes. His ultimate objective -- to set down as a whole the national and personal tragedy that was JFK's assassination -- is brilliantly achieved in this galvanizing narrative, a book universally acclaimed as a landmark work of modern history.

Disasters and Tragic Events: An Encyclopedia of Catastrophes in American History [2 volumes]

ABC-CLIO From the Salem Witch Trials of 1692 to the Sandy Hook school massacre of 2012, this two-volume encyclopedia surveys tragic events--natural and man-made, famous and forgotten--that helped shape American history. • Covers a wide range of topics, from the infamous to the obscure • Places each event in context, giving it

deeper meaning and showing its impact • Includes primary source material from U.S. Supreme Court cases, presidential speeches, eyewitness accounts, state and federal legislation, and federal government investigations • Brings the events it covers to life through photos and illustrations

Bullets That Changed America

Thirteen Historic Assassinations, Duels, Misfires and Murders

McFarland One gunshot by a single person could be powerful enough to move a whole nation. Well known are the assassinations of Abraham Lincoln, John F. Kennedy, William McKinley, and Martin Luther King Jr., and their long-lasting consequences. History, however, is littered with lesser-known gunshots that have had equally echoing outcomes. Some were small mistakes or misjudgments, others intentional acts that sparked events documented in our history textbooks. A single bullet serves as the catalyst for each of the stories in this book. We may or may not know who fired it but we know each bullet's end point and the effects it had on America's trajectory: the wars, social movements, and political and economic paradigm shifts. The names of those involved may not to many be recognizable but the events their acts precipitated are etched in American history.

Political Violence in America: Historical Flashpoints and Modern-Day Trends [2 volumes]

ABC-CLIO Americans like to think of their nation as one grounded in high-minded democratic ideals and peaceful transitions of power. In reality, though, American politics has been heavily laced with expressions of violence and intimidation since the nation's very inception, which saw a campaign of violent rebellion against British rule. Since then, America has endured the deaths of four presidents from assassination; a four-year civil war; racist attacks on civil rights activists and ordinary citizens; deadly clashes between protesting citizens and law enforcement; sustained campaigns of violence against marginalized populations seeking greater political or economic equality; politically motivated mass shootings; and, on January 6, 2021, the shocking spectacle of a politically motivated mob attack on the U.S. Capitol. How and why did these events transpire? What were the root causes? What factors are driving political violence and intimidation in America today? And are there changes that we could make to our country's political discourse that would reduce such outbreaks of bloodshed? This authoritative multivolume encyclopedia provides answers to all these questions and more.

Living Legacy

How 1964 Changed America

University Press of Amer In 1964 six events occurred in America which continue to have influence in society today: the murders of three young civil rights activists in Mississippi; the animated young prizefighter who angered some Americans and amused most; four musicians from Liverpool, England who rocked the music world; two encounters in the Gulf of Tonkin; the investigative report that was subjected to widespread doubt; and the unsuccessful campaign for the presidency in 1964 by a U.S. Senator that became a crusade. Joseph Mangano has written a historical account of each of these six incidents, accompanied by an analysis of the enduring significance of each twenty-five years later. Widely varying areas, such as military policy, race relations, popular music, sports, electoral politics, and truth in government, were gravely affected by these incidents. Mangano carefully weaves a theme between the six incidents to explain their continued relevance in American society.

The Laws That Shaped America

Fifteen Acts of Congress and Their Lasting Impact

Routledge For better and sometimes for worse, Congress is a reflection of the aspirations, wants, and priorities of the American people. It reflects the kaleidoscope of special interests and unselfish service to others, of favors sought and sacrifices made. During each two-year session of Congress, thousands of pieces of legislation are proposed, many hundreds are given serious consideration, but far fewer are eventually enacted into law. Most enactments have limited impact, affect few, and are quietly forgotten in the flow of legislative activity. However, a small number of laws have risen to the level of historical consequence. These are the laws that have shaped America, and they are the subject of this book. Which pieces of legislation were the most significant for the development of the nation? Which have had an immediate or lasting impact on our society? Which laws so affected us that we could not imagine how our lives would be without them? Dennis W. Johnson vividly portrays the story of fifteen major laws enacted over the course of two centuries of American democracy. For each law, he examines the forces and circumstances that led to its enactment--

the power struggles between rival interests, the competition between lawmakers and the administration, the compromises and principled stands, and the impact of the legislation and its place in American history.

A Cruel and Shocking Act

The Secret History of the Kennedy Assassination

Hachette UK The questions have haunted our nation for half a century: Was the President killed by a single gunman? Was Lee Harvey Oswald part of a conspiracy? Did the Warren Commission discover the whole truth of what happened on November 22, 1963? Philip Shenon, a veteran investigative journalist who spent most of his career at The New York Times, finally provides many of the answers. Though **A CRUEL AND SHOCKING ACT** began as Shenon's attempt to write the first insider's history of the Warren Commission, it quickly became something much larger and more important when he discovered startling information that was withheld from the Warren Commission by the CIA, FBI and others in power in Washington. Shenon shows how the commission's ten-month investigation was doomed to fail because the man leading it - Chief Justice Earl Warren - was more committed to protecting the Kennedy family than getting to the full truth about what happened on that tragic day. A taut, page-turning narrative, Shenon's book features some of the most compelling figures of the twentieth century-Bobby Kennedy, Jackie Kennedy, Lyndon Johnson, J. Edgar Hoover, Chief Justice Warren, CIA spymasters Allen Dulles and Richard Helms, as well as the CIA's treacherous 'molehunter,' James Jesus Angleton. Based on hundreds of interviews and unprecedented access to the surviving commission staffers and many other key players, Philip Shenon's authoritative, scrupulously researched book will forever change the way we think about the Kennedy assassination and about the deeply flawed investigation that followed.

Black Leadership for Social Change

Greenwood Publishing Group This book presents a comprehensive overview of Black leadership in every aspect of American life, including movements for social justice, education, business, and politics. In the quest for human rights and social advancement, African-American leaders have emerged to lead the fight to overcome racial and economic barriers. This struggle has influenced the exercise of Black leadership in many other areas and the author uses an interdisciplinary approach to reveal the changes, continuities, and variety of African-American approaches to effective leadership. The book also suggests a theoretical framework for future research on the impact of Black leadership in America. A wide range of issues are considered in this volume, beginning with the definition of leadership and the concept of Black leadership. Gordon then considers outstanding examples of Black leadership in contemporary America in a variety of fields. Scholars and students in history, political science, and ethnic studies will find this an important resource for understanding Black leadership and its impact on American life.

Training for Change

Transforming Systems to be Trauma-Informed, Culturally Responsive, and Neuroscientifically Focused

Springer This book offers an integrated training and coaching system to facilitate change in systems that serve youth (education, healthcare, and juvenile justice). The integrated training and coaching system combines brain development, cultural responsiveness, and trauma-informed practices. The book provides a comprehensive overview of the neurobiology of fear, brain development, trauma, substance use, and mental health, structural bias and environmental factors that pose a threat to healthy brain development. The book employs practical applications/recommendations and case examples that help solidify understanding of key concepts. Each chapter begins with a set of objectives and interactive exercises that builds on the next, thoughtfully challenging the reader (and giving specific, practical ways for the reader) to apply the information presented with the goal of "change". The text is written from the perspective of a trauma-informed addiction psychiatrist who has effectively facilitated systems change. Topics featured in this book include: Common threats to healthy brain development. The neurobiology of trauma. Applying trauma-informed practices and approaches. Cannabis and its impact on the brain. Labeling theory and implicit bias. Exploring the connection between fear and trauma. Rehabilitation versus habilitation. Managing stress through mindfulness. Training for Change will be of interest to graduate and advanced undergraduate students and researchers in the fields of cognitive psychology, criminology, public health, and child and adolescent development as well as parents, teachers, judges, attorneys, preventative medicine and pediatric providers.

The Social History of Crime and Punishment in America

An Encyclopedia

SAGE Publications Several encyclopedias overview the contemporary system of criminal justice in America, but full understanding of current social problems and contemporary strategies to deal with them can come only with clear

appreciation of the historical underpinnings of those problems. Thus, this five-volume work surveys the history and philosophy of crime, punishment, and criminal justice institutions in America from colonial times to the present. It covers the whole of the criminal justice system, from crimes, law enforcement and policing, to courts, corrections and human services. Among other things, this encyclopedia: explicates philosophical foundations underpinning our system of justice; charts changing patterns in criminal activity and subsequent effects on legal responses; identifies major periods in the development of our system of criminal justice; and explores in the first four volumes - supplemented by a fifth volume containing annotated primary documents - evolving debates and conflicts on how best to address issues of crime and punishment. Its signed entries in the first four volumes--supplemented by a fifth volume containing annotated primary documents--provide the historical context for students to better understand contemporary criminological debates and the contemporary shape of the U.S. system of law and justice.

The Assassination of John F. Kennedy

Political Trauma and American Memory

Routledge On November 22nd, 1963 the assassination of President John F. Kennedy set into motion a series of events that irrevocably changed American politics and culture. The media frenzy spawned by the controversy surrounding the death of JFK has since given way to a powerful public memory that continues to shape the way we understand politics, the 1960s, and the nation. In *The Assassination of John F. Kennedy: Political Trauma and American Memory*, Alice George traces the events of Kennedy's assassination and Lyndon B. Johnson's subsequent ascension to the presidency. Covering both the political shifts of the time and the cultural fallout of the national tragedy, this book introduces students of the twenty-first century to both an iconic event and to the context in which that event was heralded as iconic. Drawing on newspaper articles, political speeches, letters, and diaries, George critically re-examines the event of JFK's death and its persistent political and cultural legacy.

America's Uncivil Wars

The Sixties Era from Elvis to the Fall of Richard Nixon

Oxford University Press 'America's Uncivil Wars' explores the social & cultural issues that preoccupied America in the years 1954-1974.

Icons of American Popular Culture

From P. T. Barnum to Jennifer Lopez

M.E. Sharpe Traces the evolution of American popular culture over the past two centuries. In a lengthy chronology of landmark events, and ten chapters, each revolving around the lives of two individuals who are in some way emblematic of their times, this provides a window on the social, economic, and political history of US democracy from the antebellum period to the present.

Six Days

How the 1967 War Shaped the Middle East

Simon and Schuster The Six-Day War was an extraordinary human drama. It swept up a generation of Israelis and Arabs whose children still cannot live peacefully in the world the war created. Today, Israel is the superpower of the region. It has nuclear weapons but has never been able to digest the land it swallowed in 1967. However big its army, it will never be at peace or feel secure until the future of this land is settled. Thirty-six years after the end of the six days of fighting, after thousands more deaths and the failure of years of negotiation to try to reach a political settlement, Israelis and Palestinians are fighting once again on the streets in the West Bank and Gaza. It is still a low-level conflict, but if another full-blown Middle East war breaks out, its roots will lie in those six days in June 1967. Drawing on his experiences as the BBC's former Middle East correspondent, and building on extensive original research and interviews with some of the key participants, Jeremy Bowen uses his vast array of contacts to weave together a completely convincing and compelling account, hour by hour, of the 1967 war between Israel and Egypt, Jordan and Syria. As insightful as the best modern history writing and as gripping as fiction, this is a major debut by an author with superb media contacts.

History of the Attempted Assassination of James A.

Garfield

Together with a Complete History of Charles J. Guiteau, the Assassin ...

The Day of the Jackal

Random House The story of an anonymous Englishman who, in the spring of 1963, was hired by the Operations Chief of O.A.S. to assassinate General de Gaulle.

The Devil In The White City

Random House 'An irresistible page-turner that reads like the most compelling, sleep defying fiction' TIME OUT One was an architect. The other a serial killer. This is the incredible story of these two men and their realization of the Chicago World's Fair of 1893, and its amazing 'White City'; one of the wonders of the world. The architect was Daniel H. Burnham, the driving force behind the White City, the massive, visionary landscape of white buildings set in a wonderland of canals and gardens. The killer was H. H. Holmes, a handsome doctor with striking blue eyes. He used the attraction of the great fair - and his own devilish charms - to lure scores of young women to their deaths. While Burnham overcame politics, infighting, personality clashes and Chicago's infamous weather to transform the swamps of Jackson Park into the greatest show on Earth, Holmes built his own edifice just west of the fairground. He called it the World's Fair Hotel. In reality it was a torture palace, a gas chamber, a crematorium. These two disparate but driven men are brought to life in this mesmerizing, murderous tale of the legendary Fair that transformed America and set it on course for the twentieth century . . .

Confessional Crises and Cultural Politics in Twentieth-Century America

Penn State Press Confessional Crises and Cultural Politics in Twentieth-Century America revolutionizes how we think about confession and its ubiquitous place in American culture. It argues that the sheer act of labeling a text a confession has become one of the most powerful, and most overlooked, forms of intervening in American cultural politics. In the twentieth century alone, the genre of confession has profoundly shaped (and been shaped by) six of America's most intractable cultural issues: sexuality, class, race, violence, religion, and democracy.

Changing the Game (New Revised and Updated Edition)

Animal Liberation in the Twenty-First Century

Lantern Books Norm Phelps has long been one of the leading theoreticians, historians, and strategists of the animal advocacy movement. His new book collects his recent writings on this subject, as well as offers in print for the first time a fully revised and updated version of the e-book he published with Lantern in 2013 (978-1-59056-379-3). Phelps argues that faced with the overwhelming wealth and power of the animal exploitation industries, animal activists are like David trying to stand up to Goliath. But rather than following the unsuccessful strategies of the past, Phelps proposes that we change the game by adopting David's strategy of refusing to play by Goliath's rules. Additional essays explore class and race in animal advocacy, the place of public policy vs. private morality in creating social change, and the unyielding barrier of human exceptionalism. Trenchant, wise, and deeply committed to the reduction of suffering and the liberation of animals, Changing the Game is sure to offer animal advocates much food for thought as the movement charts a way forward for all sentient beings.

Let the Record Show

A Political History of ACT UP New York, 1987-1993

Farrar, Straus and Giroux Winner of the 2022 Lambda Literary LGBTQ Nonfiction Award and the 2022 NLGJA Excellence in Book Writing Award. Finalist for the PEN/John Kenneth Galbriath Award for Nonfiction, the Gotham Book Prize, and the ALA Stonewall Israel Fishman Nonfiction Award. A 2021 New York Times Book Review Notable Book and a New York Times Book Review Editors' Choice. Longlisted for the 2021 Brooklyn Public Library Literary Prize. One of NPR, New York, and The Guardian's Best Books of 2021, one of BuzzFeed's Best LGBTQ+ Books of 2021, one of Electric Literature's Favorite Nonfiction Books of 2021, one of NBC's 10 Most Notable LGBTQ Books of 2021, and one of Gay Times' Best LGBTQ Books of 2021. "This is not reverent, definitive history. This is a tactician's bible." --Parul Sehgal,

The New York Times Twenty years in the making, Sarah Schulman's *Let the Record Show* is the most comprehensive political history ever assembled of ACT UP and American AIDS activism. In just six years, ACT UP, New York, a broad and unlikely coalition of activists from all races, genders, sexualities, and backgrounds, changed the world. Armed with rancor, desperation, intelligence, and creativity, it took on the AIDS crisis with an indefatigable, ingenious, and multifaceted attack on the corporations, institutions, governments, and individuals who stood in the way of AIDS treatment for all. They stormed the FDA and NIH in Washington, DC, and started needle exchange programs in New York; they took over Grand Central Terminal and fought to change the legal definition of AIDS to include women; they transformed the American insurance industry, weaponized art and advertising to push their agenda, and battled—and beat—The New York Times, the Catholic Church, and the pharmaceutical industry. Their activism, in its complex and intersectional power, transformed the lives of people with AIDS and the bigoted society that had abandoned them. Based on more than two hundred interviews with ACT UP members and rich with lessons for today's activists, *Let the Record Show* is a revelatory exploration—and long-overdue reassessment—of the coalition's inner workings, conflicts, achievements, and ultimate fracture. Schulman, one of the most revered queer writers and thinkers of her generation, explores the how and the why, examining, with her characteristic rigor and bite, how a group of desperate outcasts changed America forever, and in the process created a livable future for generations of people across the world.

Myth-Making and Religious Extremism and Their Roots in Crises

McFarland According to sociologist C. Wright Mills, we do not live in a world of solid fact but in a world permeated by culture, constructed by humans through communication with each other. Myth-making shapes our lives, beliefs and behavior. Collective myths become plausible explanations for events past and future as each new generation constructs reality anew to make sense of the human condition. Providing a sociological and multicultural analysis, this book examines myth-making in the today's world amid religious extremism and terrorism. The authors discuss the imperative of myth in comprehending illness, sexuality, death and human relationships to the environment and other animals.

John F. Kennedy and the "Thousand Days"

New Perspectives on the Foreign and Domestic Policies of the Kennedy Administration

Universitaetsverlag Winter Although it lasted only for a 'Thousand Days', the presidency of John F. Kennedy is considered a defining moment in recent American history. Despite countless attempts by historians, journalists and cultural critics, the Kennedy myth, carefully crafted during his lifetime and eagerly nurtured after his violent death, lives on. The enduring notion that America might have been spared many of the traumatic events of the 1960s and 1970s, if only John F. Kennedy had lived, poses a continuing challenge to historians to reassess his foreign and domestic policies. In this volume scholars from the United States, Germany and Great Britain, mostly representatives of a younger generation, take a fresh look at key topics such as Kennedy's policies toward Europe, the Third World, the civil rights struggle, and poverty. Contrary to his often grandiose rhetoric of vigorous leadership and "new frontiers" and despite his considerable skills at managing foreign and domestic crises, the essays emphasize that President John F. Kennedy acted largely within the consensus of Cold War liberalism.

Why the JFK Assassination Still Matters

The Truth for My Daughter Kennedy and for Generations to Come

Wheatmark, Inc. ""We live in a great country. Yet we must have faith and trust in our government or we cannot succeed. On the other hand, the government must also believe in its own people. Both factions must tell the truth. For this reason, the JFK assassination still matters. History cannot be replayed but it can be rewritten."" Why read another book about the JFK assassination? It's simple: the major crime of the twentieth century remains unsolved. Although the assassination of President John F. Kennedy happened in 1963, the reverberations of this horrific event are still felt today. Discrepancies and questions about the assassination remain unanswered. Was there a conspiracy behind the assassination? If so, who was involved? "Why the JFK Assassination Still Matters" discusses new ideas showing: Lee Harvey Oswald never fired a shot at the president The Warren Commission was a hoax and the single bullet theory was physiologically impossible Strange bedfellows emerged when the CIA formed a coalition with organized crime in an attempt to assassinate Fidel Castro President Kennedy became a threat to very powerful forces when he tried to establish a peaceful coexistence with Russia and Cuba About the Author Dr. Richard Buyer has been practicing medicine for over thirty-five years. The assassination of President John F. Kennedy was probably the greatest tragedy

he has personally experienced. He wrote this book to help his children learn the truth behind this horrific event. His daughter, Kennedy, happened to be born on the anniversary of the assassination. It is Dr. Buyer's goal that all children, as well as adults, will finally learn the truth about the assassination.

Threats to the American Homeland After Killing Bin Laden

An Assessment : Hearing Before the Committee on Homeland Security, House of Representatives, One Hundred Twelfth Congress, First Session, May 25, 2011

The True American: Murder and Mercy in Texas

W. W. Norton & Company Describes how a Bangladeshi immigrant, shot in the Dallas mini mart where he worked in the days after September 11 in a revenge crime, forgives his assailant and petitions the State of Texas to spare his attacker the death penalty. 20,000 first printing.

killing for culture

From Edison to ISIS: A New History of Death on Film

SCB Distributors Unlike images of sex, which were clandestine and screened only in private, images of death were made public from the onset of cinema. The father of the modern age, Thomas Edison, fed the appetite for this material with staged executions on film. Little over a century later the executions are real and the world is aghast at brutalities freely available online at the click of a button. Some of these films are created by lone individuals using shaky camera phones: Luka Magnotta, for instance, and the teenagers known as the Dnipropetrovsk maniacs. Others are shot on high definition equipment and professionally edited by organized groups, such as the militant extremists ISIS. **KILLING FOR CULTURE** explores these images of death and violence, and the human obsession with looking — and not looking — at them. Beginning with the mythology of the so-called 'snuff' film and its evolution through popular culture, this book traces death and the artifice of death in the 'mondo' documentaries that emerged in the 1960s, and later the faux snuff pornography that found an audience through Necrobabes and similar websites. However, it is when videos depicting the murders of Daniel Pearl and Nick Berg surfaced in the 2000s that an era of genuine atrocity commenced, one that has irrevocably changed the way in which we function as a society.

The American Culture of Despair

The Sacred, Secularity, and the Test of Time

Cambridge Scholars Publishing Recent developments have made many social scientists and commentators wonder whether the United States is still a relatively modern, secular, and democratic society. Instead, America shows signs of

the cultural despair that preceded the rise of fascism in Nazi Germany. Taking a careful look at such critical moments as the assassination of John F. Kennedy, the Depression, the assassination of President Lincoln, and the eves both of the Civil War and of the American Revolution, this book shows that Americans have long shown authoritarian and even fascist tendencies: signs of despair that the nation is running out of time. In these critical moments, it finds evidence of a regressive cycle consisting of crisis, followed by the sanctification of central authority, and further crisis. With its deep roots in Anglo-American culture, the current crisis awaits decisive resolution.

Where Were You?

America Remembers the JFK Assassination

Rowman & Littlefield November 22, 1963. A policeman's wife was fetching their sick child from school. A young shoe store manager had no idea what lay in wait for him that day. A future president was tending to his farm. A future vice president was standing on the steps of his college library. A Georgetown student was looking forward to playing the piano for the president when he returned to Washington, DC, that evening. A future movie star was attending his second-grade art class. Then the news rang out across airwaves, through telephone lines, and by word of mouth, plunging the country into shock and sorrow. It's hard to imagine how the last fifty years would have unfolded if President John F. Kennedy had lived. Would Vietnam have dragged on until 1974? Would Nixon have come into power? It's difficult to say—but, combining evocative archival images with the unique, first-person stories of those who lived through it, *Where Were You?* says what the history books can't and offers a fresh look at what was, what is, and what might have been since that fateful day. In the two-hour NBC documentary event that this volume accompanies, special correspondent Tom Brokaw interviewed people close to the tragedy as well as former heads of state, politicians, authors, journalists, performers, musicians, and more. He asked them five simple questions, starting with: Where were you? Together, their words paint a rich and moving picture of a hopeful nation torn asunder by grief. It will remind those who lived it of a pivotal moment in American history, and it bears witness for all who follow.

The Day the President Was Shot

The Secret Service, the FBI, a Would-Be Killer, and the Attempted Assassination of Ronald Reagan

Henry Holt and Company (BYR) The year was 1981. Just two months into his presidency, Ronald Reagan was shot after leaving a speaking engagement in Washington, D. C. The quick action of the Secret Service and medical professionals saved the president's life. Mere days after his near-death experience, Reagan's personal strength propelled him back into his presidential duties. Adapted from Bill O'Reilly's historical thriller *Killing Reagan*, with characteristically gripping storytelling, this story explores the events of the day Reagan was shot. From the scene of the shooting and the dramatic action of the Secret Service, to the FBI's interrogation of the shooter, the life-saving measures of the medical professionals and the president's extraordinary recovery, this is a page-turning account of an attempted assassination and its aftermath. This title has Common Core connections.

Confessions of an Economic Hit Man

Berrett-Koehler Publishers Perkins, a former chief economist at a Boston strategic-consulting firm, confesses he was an "economic hit man" for 10 years, helping U.S. intelligence agencies and multinationals cajole and blackmail foreign leaders into serving U.S. foreign policy and awarding lucrative contracts to American business.

RFK and MLK

Visions of Hope, 1963–1968

McFarland Robert F. Kennedy and Martin Luther King, Jr., lived parallel lives. Their leadership helped millions of Americans recover from the assassination of John F. Kennedy and inspired hope for a more peaceful and egalitarian society (which endured well after their own tragic deaths five years later). Their rhetoric addressed the pervasive issues of the era—poverty, war and civil rights—and encouraged young people and the disadvantaged throughout the United States and the world. This book examines the vision they shared through their speeches, writings and public appearances in the years of the cultural groundshift of 1963 through 1968.
