#### **UN HUMANISTE LYONNAIS DU XVIIÈME SIÈCLE**

---

*Bibliothèque Salomon Reinach* **Jacob Spon né à Lyon en 1647 est une belle figure de la " crise de la conscience européenne " du Grand Siècle. Médecin, alors que la médecine est encore un discours plutôt qu'une science, il tire de sa formation un regard aiguisé et le sens de l'observation qui lui permettent d'occuper une place de choix parmi les savants qui ont contribué à la naissance de l'archéologie, terme qu'il est le premier à employer et à définir dans la préface de son ouvrage : *Miscellanae eruditae antiquitatis* (1679). Il révèle les antiquités de sa ville, et écrit la première histoire imprimée de Genève. Bravant la peste et les corsaires, le mauvais temps et les brigands, il voyage de 1674 à 1676 et fait découvrir à ses contemporains l'Italie, la côte Dalmate, la Grèce et le Levant, dans une relation qui fut traduite en plusieurs langues, et qui devint le guide des voyageurs instruits jusqu'à l'époque romantique. Protestant convaincu, il préfère s'exiler plutôt que d'abjurer, et meurt à Vevey, en décembre 1685, deux mois après la révocation de l'Edit de Nantes.**

Principles of Accounting is designed to meet the scope and sequence requirements of a two-semester accounting course that covers the fundamentals of financial and managerial accounting. This book is specifically designed to appeal to both accounting and non-accounting majors, exposing students to the core concepts of accounting in familiar ways to build a strong foundation that can be applied across business fields. Each chapter opens with a relatable real-life scenario for today's college student. Thoughtfully designed examples are presented

throughout each chapter, allowing students to build on emerging accounting knowledge. Concepts are further reinforced through applicable connections to more detailed business processes. Students are immersed in the "why" as well as the "how" aspects of accounting in order to reinforce concepts and promote comprehension over rote memorization.

### **THE ALLURE OF TOXIC LEADERS**

---

---

### **WHY WE FOLLOW DESTRUCTIVE BOSSES AND CORRUPT POLITICIANS--AND HOW WE CAN SURVIVE THEM**

---

---

*Oxford University Press, USA* Toxic leaders, both political, like Slobodan Milosevic, and corporate, like Enron's Ken Lay, have always been with us, and many books have been written to explain what makes them tick. Here leadership scholar Jean Lipman-Blumen explains what makes the followers tick, exploring why people will tolerate--and remain loyal to--leaders who are destructive to their organizations, their employees, or their nations. Why do we knowingly follow, seldom unseat, frequently prefer, and sometimes even create toxic leaders? Lipman-Blumen argues that these leaders appeal to our deepest needs, playing on our anxieties and fears, on our yearnings for security, high self-esteem, and significance, and on our desire for noble enterprises and immortality. She also explores how followers inadvertently keep themselves in line by a set of insidious control myths that they internalize. For example, the belief that the leader must necessarily be in a position to "know more" than the followers often stills their objections. In addition, outside forces--such as economic depressions, political upheavals, or a crisis in a company--can increase our anxiety and our longing for charismatic leaders. Lipman-Blumen shows how followers can learn critical lessons for the future and survive in the meantime. She discusses how to confront, reform, undermine, blow the whistle on, or oust a toxic leader. And she suggests how we can diminish our need for strong leaders, identify "reluctant leaders" among competent followers, and even nurture the leader within ourselves. Toxic leaders charm, manipulate, mistreat, weaken, and ultimately devastate their followers. *The Allure of Toxic Leaders* tells us how to recognize these leaders before it's too late.

### **TEACHING FOR EQUITY AND JUSTICE**

---

---

*Rethinking Schools* The original edition of *Rethinking Our Classrooms*, published in 1994, sold more than 175,000 copies and has been used by teachers and teacher educators throughout the United States and the world. This new edition contains some of the best classroom writing we've published over the past five years, along with the most popular articles from the original edition, completely updated resource sections, and a new "Beyond the Classroom" chapter. There are new essays on science and environmental education, immigration and language, military recruitment, early childhood education, teaching about the world through mathematics, and gay and lesbian issues. Nowhere is the connection between critical teaching and effective classroom practice clearer or more accessible. A great resource for new and veteran K-12 teachers, as well as teacher education and staff development programs.

### **INTERPRETING ACCOUNTING INFORMATION FOR DECISION-MAKING**

---

---

*Wiley* *Accounting for Managers* explains how accounting information is used by non-financial managers. The book

emphasises the interpretation, rather than the construction, of accounting information and encourages a critical, rather than unthinking acceptance, of the underlying assumptions behind accounting. It links theory with practical examples and case studies drawn from real life business situations in service, retail and manufacturing industries.

### **ESSENTIALS OF BUSINESS LAW**

---

*McGraw-Hill/Irwin* The fifth edition of this popular textbook presents a broad, practical approach to the study of business law principles and practices. The material has been extensively revised and updated to reflect recent developments in the legal field, and every chapter includes an abundance of real-world examples that illustrate the law at work. In-depth coverage of the latest issues in business law, including new coverage of technology, environmental, and international law, is also provided. Photos and a new, engaging design make the book easy to teach and understand, and the new and expanded pedagogy, with an emphasis on teachability and assessment, offers teachers and students a wealth of opportunities for enriching the learning experience. Students will come away with a clear understanding of business law topics and be able to identify, explain, and apply the principles of business law in the world around them.
