## Poetic Thoughts & Meditations for the Soul

Life is full of challenges- no matter age, gender, religion, ethnicity, or occupation. Some days can be wonderful and rich with blue skies with rays of yellow, and in a single moment, dark clouds and stormy winds push you to the brink of despair! In those moments, we often find ourselves discouraged and in need of words that speak to the heart of the matter; and it is there that we get a glimpse of the smallest rays of hope, waiting to be put together like pieces of a fragmented puzzle. The question for us then becomes, wherein does this source of enlightenment stem? In this big little book, these simply penned words, steeped in hidden pathways, can have the ability to meet you where you are and change life's trajectory. No matter how deep the pit appears or how hot the fire burns, take comfort in knowing that this collection: Poetry Thoughts & Meditations for the Soul, are writings inspired just for you. One of the most powerful gifts we have is that of self-expression. So understanding how to build a practical and healthy sense of self does not end when we face adversity; it merely begins when we overcome it. Here a little, there a little, step by step! The creativity He inspires can become an integral part of our lives when we learn how to saturate ourselves in the Son-light. Your journey in the wilderness has been a tedious one. Won't you allow a force higher than yourself to sustain and refresh your soul? Come, eat, and drink from the fountain. I hope that within these pages, you find a breadth of depth in the infinite source you have never known before. On that foundation, that source will unleash within your inner self unconditional Love, Joy, Peace, and the Hope of a Lasting Legacy!

## A Novel

HQN Books "This second chance romance is set in the perfect setting of Painted Pony Creek. Curl up in your favorite reading chair and get lost in the pages of this book." —Debbie Macomber, #1 New York Times bestselling author, on Country Strong COUNTRY STRONG is the first book in a brand new western romance trilogy from #1 New York Times bestselling author Linda Lael Miller! For the men of Painted Pony Creek, it's never too late for a second chance... Cord Hollister is a true cowboy at heart. As a man who has devoted his life to training horses under the big skies of Montana, he thrives on the stability of ranch life. But when a girl arrives in Painted Pony Creek with a shocking secret, Cord's orderly life is upended. She's the spitting image of the first woman who broke his heart—a woman he hasn't seen in years—and he'll do whatever he can to help her. He just can't do it alone... Shallie Fletcher left heartbreak where it belongs—in the past. And she's done everything she can to reinvent herself and move on. But when an opportunity arises to partner with a therapeutic riding program for kids, Shallie can't resist seeking out Cord for lessons. Back in school, he was the crush she couldn't forget, even though he had eyes only for her best friend. Seeing him now floods her with memories...and fills her with hope. Could the one who got away be the one who stays? Don't miss COUNTRY BORN, the next book in Linda Lael Miller's Painted Pony Creek series about three best buddies whose strength, honor and independence exemplify the Montana land they love. ## A Psychological Thriller

*Independently Published* From the bestselling author of *The Social Affair* and *HER* comes a riveting new thriller about a writer desperate to make a comeback who realizes that success may cost more than he can afford to pay when a stranger arrives at his door. George is bitter. As he should be. Once a household name, George is dying to make a comeback, and death may be the only option left to get the public's attention. Ask anyone, his life is unraveling at the seams. Meanwhile, his new apprentice is everything he is not. The enigmatic man his publisher sends to help is young and ambitious, with looks that could kill, and possibly do. When George discovers that his apprentice's talent extends beyond fixing broken plots, that his winning formula may, in fact, be a result of making the crimes in his novels come to life, George has to ask himself how much he is willing to overlook to achieve mainstream success. Perfectly paced, *The Book Doctor* is an electrifying psychological thriller about a life's work, obsession, and the dangerous places ambition can take you. Full of enough tension and twists to make even the most seasoned suspense reader break out in a cold sweat, it keeps you guessing until the very last page.

## Visual Basic 2008

## How to Program

*Prentice Hall* Appropriate for all basic-to-intermediate level courses in Visual Basic 2008 programming. Created by world-renowned programming instructors Paul and Harvey Deitel, *Visual Basic 2008 How to Program, Fourth Edition* introduces all facets of the Visual Basic 2008 language hands-on, through hundreds of working programs. This book has been thoroughly updated to reflect the major innovations Microsoft has incorporated in Visual Basic 2008 and .NET 3.5; all discussions and sample code have been carefully audited against the newest Visual Basic language specification. The many new platform features covered in depth in this edition include: LINQ data queries, Windows Presentation Foundation (WPF), ASP.NET Ajax and the Microsoft Ajax Library, Silverlight-based rich Internet application development, and creating Web services with Windows Communication Foundation (WCF). New language features introduced in this edition: object anonymous types, object initializers, implicitly typed local variables and arrays, delegates, lambda expressions, and extension methods. Students begin by getting comfortable with the free Visual Basic Express 2008 IDE and basic VB syntax included on the CD. Next, they build their skills one step at a time, mastering control structures, classes, objects, methods, variables, arrays, and the core techniques of object-oriented programming. With this strong foundation in place, the Deitels introduce more sophisticated techniques, including inheritance, polymorphism, exception handling, strings, GUI's, data structures, generics, and collections. Throughout, the authors show developers how to make the most of Microsoft's Visual Studio tools. A series of appendices provide essential programming reference material on topics ranging from number systems to the Visual Studio Debugger, UML 2 to Unicode and ASCII.

### Every Time a Bell Rings

*Tule Publishing* Once upon a time, he was everything to her, except for one thing: her future Christmas sparkles from every bough and window at the cozy Four Winds Ski Resort, where single mother Eden Kendall and her eight-year-old son are spending the holiday. A surprise marriage proposal from her boss's son wasn't on her Christmas list, but it's the perfect excuse to get away and weigh her options. She never imagined her son's ski instructor/Santa impersonator would be the gorgeous, charismatic dreamer she left behind years ago, the one who still owns a piece of her heart. Cole Hagan has never stopped loving Eden and he's spent the last eight years proving her wrong on every count about his potential. While he fights to save the resort that he helped to build by organizing a holiday concert, he decides it's about time that Eden puts aside her list-making pragmatism so that she and her skeptical son can experience the true magic of Christmas. Can a not-so-perfect angel help this unlikely pair get a second chance at happily ever after?

### Freud on the Psychology of Ordinary Mental Life

*Rowman & Littlefield Publishers* Freud, although best known for his elucidation of the unusual in human mental life, also attempted to illuminate ordinary human experience, such as people's appreciation of humor, their capacity to become engrossed in fiction, and their disposition to a variety of emotional experiences, including the uncanny, the stirrings prompted by beauty, and their disposition to mourn. His insights into the everyday and his sense of where within it the productive questions lie reveal an incisiveness that defies both earlier and subsequent thought on his topics. This book works to expose that vision and to demonstrate its fertility for further inquiry. It reconstructs several of Freud's works on ordinary mental life, tracking his method of inquiry, in particular his search for the child within the adult, and culminating in a deployment of his tools independently of his analyses. It shows how to read Freud for his insight and generativity and how to push beyond the confines of his analyses in pursuit of new lines of exploration.
