### Bringing in Finn

### An Extraordinary Surrogacy Story

Hachette UK In 2011, 61-year-old Kristine Casey delivered the greatest gift of all to her daughter, Sara Connell: Sara's son, Finnean. Kristine—the gestational carrier of Sara and her husband Bill's child—then became the oldest woman ever to give birth in Chicago. While Finnean's birth made local headlines, Sara's memoir will inspire the nation with this modern family's remarkable—and untold—story: of the parents who wanted nothing more than to have a baby, and the mother who would do anything for her daughter. After unsuccessfully trying to conceive naturally, years of fertility treatments, and three lost pregnancies, Sara and Bill began giving up hope of bringing a baby to term. When Kristine offered to be their surrogate, they were shocked—but after serious consideration and dozens of medical exams, the three embarked upon the miraculous undertaking that culminated in Finnean's birth. Connell's memoir recounts the heartbreak of losing pregnancies; the process of opening herself to the idea of her mother carrying her child; and the profound bond that blossomed between mother and daughter as a result. Inspiring and ultimately triumphant, *Bringing in Finn* is a tale of despair, hope, and redemption—and the discovery that with unconditional love there are no limits to what can be achieved.

## Hillbillyland

## What the Movies Did to the Mountains and what the Mountains Did to the Movies

**UNC Press Books** The stereotypical hillbilly figure in popular culture provokes a range of responses, from bemused affection for Ma and Pa Kettle to outright fear of the mountain men in Deliverance. In Hillbillyland, J. W. Williamson investigates why hillbilly images are so pervasive in our culture and what purposes they serve. He has mined more than 800 movies, from early nickelodeon one-reelers to contemporary films such as Thelma and Louise and Raising Arizona, for representations of hillbillies in their recurring roles as symbolic 'cultural others.' Williamson's hillbillies live not only in the hills of the South but anywhere on the rough edge of society. And they are not just men; women can be hillbillies, too. According to Williamson, mainstream America responds to hillbillies because they embody our fears and hopes and a romantic vision of the past. They are clowns,

children, free spirits, or wild people through whom we live vicariously while being reassured about our own standing in society.

#### Erotic Faith

### Being in Love from Jane Austen to D. H. Lawrence

University of Chicago Press In this profoundly original and far-reaching study, Robert M. Polhemus shows how novels have helped to make erotic love a matter of faith in modern life. Erotic faith, Polhemus argues, is an emotional conviction—ultimately religious in nature—that meaning, value, hope, and even the possibility of transcendence can be found in love. Drawing on a wide range of disciplines, Polhemus shows the reciprocity of love as subject, the novel as form, and faith as motive in important works by Jane Austen, Walter Scott, the Brontës, Dickens, George Eliot, Trollope, Thomas Hardy, Joyce, D. H. Lawrence, Virginia Woolf, and Samuel Beckett. Throughout, Polhemus relates the novelists' representation of love to that of such artists as Botticelli, Vermeer, Claude Lorrain, Redon, and Klimt. Juxtaposing their paintings with nineteenth- and twentieth-century texts both reveals the ways in which novels develop and individualize common erotic and religious themes and illustrates how the novel has influenced our perception of all art.

## Erotic Love in Sociology, Philosophy and Literature

### From Romanticism to Rationality

Bloomsbury Publishing Why is 'love' taken for granted as a part of human experience? And why is sexual or romantic love in particular so important to us? This book aims to find out, tracing the intellectual history of sexual love, from the ancient Greeks to the modern day. *Erotic Love in Sociology, Philosophy and Literature* shows how discourses of love have intersected with social and cultural trends, as well as with personal events and experiences. Beginning with the queering of love in Greek antiquity, it looks at how sexual love has been sung about, fictionalized and theorized as a cornerstone of the formation of Western culture. From the courtly love of twelfth-century troubadours and the rise of affective individualism in the eighteenth century, to the way the novel helped catalyze and crystallize the hopes and contradictions of love and marriage, these are decisive episodes in the history of romantic love. Lastly, the book deals with how sociologists and feminist theorists have made sense of the liberalization of sexuality over the last fifty years, especially given the post-romantic pragmatism of commercialized dating practices. Arguing against the over-rationalism of intimate life, *Erotic Love in Sociology, Philosophy and Literature* recognizes the need to liberate love from patriarchal, racist and homophobic prejudices, and highlights the value of literary and sociological traditions to emphasize how they dignify the rhapsodies and the sufferings of love.

## Novels, Histories, Novel Nations

## Historical Fiction and Cultural Memory in Finland and Estonia

Suomalaisen Kirjallisuuden Seura This volume addresses the prominent, and in many ways highly similar, role that historical fiction has played in the formation of the two neighbouring 'young nations', Finland and Estonia. It gives a multi-sided overview of the function of the historical novel during different periods of Finnish and Estonian history from the 1800s until the present day, and it provides detailed close-readings of selected authors and literary trends in their social, political and cultural contexts. This book addresses nineteenth-century 'fictional foundations', historical fiction of the new nation states in the interwar period as well as post-Second World War Soviet Estonian novels and modern historiographic metafiction.
