LOGICAL ARGUMENT IN THE RESEARCH PAPER

Wadsworth Publishing Company *Logical Argument in the Research Paper operate son the premise that collegiate-level writing, when cast in its most significant and sophisticated form, is argumentative. Students are shown how writers examine a potential topic, establish a stance upon that topic, defend the stance, avoid reasoning and ethical rrors, and in general say something meaningful about the topic. It also includes instruction about finding sources, gathering information from them, and correctly documenting them. However, the emphasis remains on how effective writers evaluate sources, think about the information they discover, prepare a fair and informed argument, rethink and revise the argument, and finally present an argument in its completed form. Logical Argument in the Research Paper will help students learn some of the reasoning processes that all writers use when composing the academic argument.*

RESOURCES IN EDUCATION

THE IMAGINATIVE ARGUMENT

A PRACTICAL MANIFESTO FOR WRITERS - SECOND EDITION

Princeton University Press *More than merely a writing text, The Imaginative Argument offers writers instruction on how to use their imaginations to improve their prose. Cioffi shows writers how they can enliven argument--the organizing rubric of all persuasive writing--by drawing on emotion, soul, and creativity, the wellsprings of imagination. While Cioffi suggests that argument should become a natural habit of mind for writers, he goes still further, inspiring writers to adopt as their gold standard the imaginative argument: the surprising yet strikingly apt insight that organizes disparate noises into music, that makes out of chaos, chaos theory. Rather than offering a model of writing based on established formulas or templates, Cioffi urges writers to envision argument as an active parsing of experience that imaginatively reinvents the world. Cioffi's manifesto asserts that successful argument also requires writers to explore their own deep-seated feelings, to exploit the fuzzy but often profoundly insightful logic of the imagination. But expression is not all that matters: Cioffi's work anchors itself in the actual. Drawing on Louis Kahn's notion that a good architect never has all the answers to a building's problems before its physical construction, Cioffi maintains that in argument, too, answers must be forged along the way, as the writer inventively deals with emergent problems and unforeseen complexities. Indeed, discovery, imagination, and invention suffuse all stages of the process. The Imaginative Argument offers all the intellectual kindling that writers need to ignite this creativity, from insights on developing ideas to avoiding bland assertions or logical leaps. It cites exemplary nonfiction prose stylists, including William James, Ruth Benedict, and Erving Goffman, as well as literary sources to demonstrate the*

dynamic of persuasive writing. Provocative and lively, it will prove not only essential reading but also inspiration for all those interested in arguing more imaginatively more successfully. This edition features new chapters that cover the revision process in greater depth, as well as the particular challenges of researching and writing in the digital age, such as working with technology and avoiding plagiarism. The book also includes new sample essays, an appendix to help instructors use the book in the classroom, and much more.

READING AND WRITING FOR CIVIC LITERACY

THE CRITICAL CITIZEN'S GUIDE TO ARGUMENTATIVE RHETORIC

Routledge This brief edition of a groundbreaking textbook addresses the need for college students to develop critical reading, writing, and thinking skills for self-defense in the contentious arena of American civic rhetoric. Designed for first-year or more advanced composition and critical thinking courses, it is one-third shorter than the original edition, more affordable for students, and easier for teachers to cover in a semester or quarter. It incorporates up-to-date new readings and analysis of controversies like the growing inequality of wealth in America and the debates in the 2008 presidential campaign, expressed in opposing viewpoints from the political left and right. Exercises help students understand the ideological positions and rhetorical patterns that underlie such opposing views. Widely debated issues of whether objectivity is possible and whether there is a liberal or conservative bias in news and entertainment media, as well as in education itself, are foregrounded as topics for rhetorical analysis.

TERM PAPERS STEP BY STEP: PLANNING, RESEARCH, AND WRITING

Walch Publishing *Unlike most textbooks that focus only on the technical points, these 50 worksheets go beyond basic term paper "mechanics" to help students overcome obstacles that cause stress and writing blocks. They offer practical strategies for students' most common problems, such as negative self-talk, trouble budgeting time, procrastination, being blocked for ideas, or getting bogged down in research. Topics present the entire research and writing processes in easy, manageable steps.*

COMPOSING TO COMMUNICATE: A STUDENT'S GUIDE

Cengage Learning *Meeting your students where they are, COMPOSING TO COMMUNICATE: A STUDENT'S GUIDE prepares and engages an increasingly varied first-year composition classroom, in which all students need to achieve the same course outcomes but are not all learning at the same skill level. The fundamental concept behind COMPOSING TO COMMUNICATE: A STUDENT'S GUIDE is that writing is a communication skill grounded in problem solving. The textbook uses accessible language and opportunities for practice to help students conceptualize writing tasks with key communication goals in mind and become more confident, efficient, and effective writers, in college and in their professional lives. Writing project chapters cover evaluations, arguments, narratives, profiles, literary analyses, and researched writing, and include chapters focused on community engagement and vital 21st century literacy skills. Every Part 2 chapter shows real student work in proposal and final draft, and includes an interview with the student writer. WRITING FOR ACADEMIC JOURNALS 4E

McGraw-Hill Education (UK) *This comprehensive guide to writing journal articles addresses all the stages and recurring challenges,*

from targeting a journal to dealing with reviewer feedback. Drawing on many years of running 'Writing for Publication' workshops, Murray explores not only style and structure but also behaviours and emotions. As a key component of both research courses and careers, this timely text also addresses the struggle to make time for high quality academic writing and how to ensure a writing-life balance. Examining a variety of approaches, relevant to many different academic disciplines, this core text demystifies and defines writing practices and makes this form of high-stakes academic writing seem manageable. Writing for journals has never been more competitive, and writers, researchers, practitioners and students need expert guidance on productive practices and ways of maintaining focus and motivation, which Murray provides. This latest edition is completely updated and more relevant than ever for clinicians, practitioners and students. "This book was already a classic, but the update makes it even more useful. From finding time to write, doing a short literature review and identifying scam journals, Rowena Murray provides an excellent, concise and accessible companion for writing academic journal papers, which is appropriate for both students and working academics." Associate Professor Inger Mewburn, Director of Research Training, The Australian National University, Australia "Rowena Murray has approached publishing in a journal with scientific rigour. Following this book's recommendations will make it impossible to find a convincing excuse for failure to publish. She herself writes with a high level of artisanal skill; this book is fast paced, stylish and highly readable. Her own extensive experience in supporting journal article writers tempers this book with the credibility of a seasoned veteran. Best of all, there is a wealth of wisdom here—in advising on how to publish, Murray is also advising on how to live a satisfying life as a writer." Associate Professor Susan Carter, University of Auckland, New Zealand "In *Writing for Academic Journals* (4th edition), Rowena Murray's voice is direct, down-to-earth and wise. Drawing on a depth of practical experience as both published author and writing teacher, she conveys the message that, yes, publishing in academic journals is demanding, but it's also very possible. And that once you are successful, there is still much to be learned from reading books like this one and hanging out with others in writing groups and workshops. To that end, the book is a trove of tips and techniques helpful to all who pursue the challenging craft of (good) academic writing." Barbara Grant, Associate Professor in the School of Critical Studies in Education at the University of Auckland, New Zealand, and author of *Academic writing retreats: A facilitator's guide*

TO KILL A MOCKINGBIRD

Random House *THE ORIGINAL TEXT* 'Shoot all the Bluejays you want, if you can hit 'em, but remember it's a sin to kill a Mockingbird.' Atticus Finch gives this advice to his children as he defends the real mockingbird of this classic novel - a black man charged with attacking a white girl. Through the eyes of Scout and Jem Finch, Lee explores the issues of race and class in the Deep South of the 1930s with compassion and humour. She also creates one of the great heroes of literature in their father, whose lone struggle for justice pricks the conscience of a town steeped in prejudice and hypocrisy.

WRITING THE MODERN RESEARCH PAPER

Longman Publishing Group *Writing the Modern Research Paper* is a practical and contemporary guide to writing research papers, offering students advice on how to think critically throughout the research process. Designed as a complete reference, this book offers a step-by-step guide to research, encouraging students to think carefully and critically about such issues as audience, topic, and thesis, as well as evaluating, integrating, and citing sources appropriately. The text covers both informative and argumentative purposes for doing research, including a full chapter on reasoning and evidence in argumentative research papers. Original and realistic student examples throughout show various approaches to the methods of planning and researching. This contemporary book offers full coverage of computer research technologies, extensive attention to the prewriting and planning stages of the assignment, and pedagogy designed to encourage students to work collaboratively. There is also unparalleled coverage of the major disciplinary documentation forms MLA, APA, CBE, and Chicago. The book also features examples from modern research sources (Citation Indexes, the Internet) not covered in other texts.
