After losing her husband in Afghanistan during the first year of Operation Enduring Freedom, her two sons were all she had left. Now they had been taken from her violently, deliberately, plunging her into a whiskey bottle and stripping away her reason for living. When Arthur Nakai receives a call from his first love, Margaret, her voice pleading for his help, it comes as he is attending a wake for one of the men he considered a brother from his days in the Marines 6th LAR Wolf Pack Battalion. Feeling a deep and responsible obligation to help her, Arthur soon finds himself involved in the multi-billion-dollar world of the oil and gas industry and coming face-to-face with an old adversary, Elias Dayton. Their paths had crossed when Arthur was a member of the Shadow Wolves, an elite tactical unit within US Customs and Border Protection. Now Dayton runs Patriot Security, a Blackwater-type firm that keeps the oil rigs, gas wells, and man camps secure from the Water Protectors, protesters pushing to stop the fracking and poisoning of Native lands. As Arthur works through the case from his end, Navajo police chief Jake Bilagody tackles it from another angle, looking into the strained relationship between the oil company and the Navajo people, all while searching for a missing Navajo man that may have become an unwilling piece on the reservation checkerboard. But when Arthur learns the identity of the boys' killer, he struggles to make sense of it. Because if the clues are right, he will be forced to make a decision that will haunt him for the rest of his life. **Allen 2e Text Plus Werner 5e Text Package** *Lww* This package contains the following products: 9780781797054 **Allen Plain & Simple Guide to Therapeutic Massage & Bodywork Examinations, 2e** 9781608319107 **Werner A Massage Therapist's Guide to Pathology, 5e** **Sams Teach Yourself Game Programming with DirectX in 21 Days** *Sams Publishing* Teaches how to write games using Direct3D, discussing such topics as how to create and manage Direct3D objects, how to program animation sequences, how to add sound effects, and how to program a role-playing game. **Sams Teach Yourself Microsoft Windows 2000 Professional in 10 Minutes** *Sams Publishing* Lessons for beginners cover entering and exiting applications, controlling hardware settings, file management, resource sharing, printing, working with graphics, and using Windows 2000 Professional's accessories. **Sams Teach Yourself Beginning Databases in 24 Hours** *Sams Publishing* Discusses how to choose the correct database, how to design a database, how to organize data, how to query and update data, how to create reports, and how to build applications that use databases. **The Aussie Next Door** *Entangled: Amara* "A sweet, sexy read, featuring a couple that feels both true-to-life and aspirational." *Kirkus Review*, Starred Review **American Angie Donovan** has never wanted much.
