IN/SEARCH RE/SEARCH

IMAGINING SCENARIOS THROUGH ART AND DESIGN

IN/Search RE/Search' offers a unique insight into the wide range of appearances of the intersection between art, design and research. The book is organized into twelve substantive chapters: The Anthropocene Epoch; The Climate Crisis; The Coexerced Existence, The Limitations of Language; Facts and Fictions; The Fragile Human; The Instrumentalised Identity; Gender and Violence; The Question of Race; Politics of Public Space; Naked Capitalism; The Morality of a Cyborg. These themes are analysed through art and design projects. The projects are further contextualised by journalistic explorations and academic reflections on similar matters, grappled by varied research outlooks. 00By bringing together various practices (arts, design and writing practices and academic research), 'IN/Search RE/Search' shows how artistic research processes are designed and performed. The kaleidoscopic convergence of the featured approaches promises an exciting shift in thinking about how knowledge within the arts comes about, and how this knowledge nurtures daily practice, and vice versa. In this way, this publication discloses methods of thinking and working through which a new generation of artists/designers/researchers is shaping scenarios for the near future.00The core of this publication is formed by various art and design projects by students of the Rietveld Academie and the Sandberg Instituut. Many of these projects confuse, blur and confront what is traditionally relevant in research practices. These young artists demonstrate what happens when ideas and practices that seem to be miles apart within the traditional domain of research, are suddenly allowed touch upon and influence each other.

THE AOPA PILOT

THE CANELA

KINSHIP, RITUAL, AND SEX IN AN AMAZONIAN TRIBE

Wadsworth Publishing Company This text is a case study of one people, the Canela, which traces changes through time, a group uniquely held together by social and sexual bonds, and reveals the ethnographer's fieldwork practices. The authors present much of the material through short narratives and examples and Native points of view are expressed through their diaries. The reader is introduced to the Canela with an account of one of the author's arrivals in the tribe. This is followed by a brief history of the Canela that clarifies how the network of the kinship system holds the society together, and how the unusual sex practices create satisfying bonds among the people. The case study also shows how the practice of rituals affirms the group way of life for the individual. Many contemporary influences have caused the gradual demise of the Canela way of life. The case study concludes with an epilogue on the Canela's future adaptation to Brazilian life.

RADAR INSTRUCTION MANUAL

Since 1958 the Maritime Administration has continuously conducted instructions in use of collision avoidance radar for qualified U.S. seafaring personnel and representatives of interested Federal and State Agencies.Beginning in 1963, to facilitate the expansion of training capabilities and at the same time to provide the most modern techniques in training methods, radar simulators were installed in Maritime Administration's three region schools.It soon became apparent that to properly instruct the trainees, even with the advanced equipment, a standardize up-to-date instruction manual was needed. The first manual was later revised to serve both as a classroom textbook and as an onboard reference handbook.This newly updated manual, the fourth revision, in keeping with Maritime Administration policy, has been restructured to include improved and more effective methods of plotting techniques for use in Ocean, Great Lakes, Coastwise and Inland Waters navigation.Robert J. EMPRESS OF FLAMES

Hachette UK In this epic conclusion to The Girl King, two sisters war for a crown that was never meant to be theirs - though only one can wear it. As the late-Emperor's first-born, Princess Lu knows the throne rightfully belongs to her. She also can't forget her promise to shapeshifter Nok, the boy she loves, to win justice for his now powerless people. Yet even with an army at her side, Lu must face a major obstacle: the current Empress, her younger sister, Min. Princess Min used to live in Lu's shadow. Now she wields an ancient magic, one she's determined to use to forge her own path for the Empire, even if that means making enemies in court. But first, she must learn to control her power - before it consumes her . . . and the entire realm. Lu and Min are set for an epic confrontation, but the Empire faces a threat even greater than their rivalry. One that could cost them both the throne - and their lives. Praise for The Girl King: 'Everything I want in a high fantasy' Samantha Shannon, Sunday Times bestselling author 'Mimi Yu has that gift of magic' Marjorie Liu, New York Times bestselling author 'If you're down with dangerous magic, clans of shapeshifters, and worthy girls who somehow STILL need to prove their worth, then you will love this as much as I did' Kendare Blake, New York Times bestselling author

ALPHABEATZ

GRAFFITI ALPHABETS FROM A TO Z

[Promopress](#) Graffiti writing was born in the streets of Philadelphia in the late 1960s. But it was in New York in the early 1970s that it became a full-fledged urban art, gradually taking over the landscape of the city, from its walls to its subway cars. This is a writing manual, a detailed examination of how graffiti writers have developed the twenty-six letters of the alphabet. It includes the contribution of ten of the international scene's most talented creators answer Woshe's questions about matters that include their practice, their relationship with letters and their backgrounds. It includes a map of New York with the sites where the most important graffiti are located.

RULES FOR REFORMERS

[Canon Press & Book Service](#) In *Rules for Reformers*, Douglas Wilson poaches the political craft of radical progressives and applies it to Christian efforts in the current culture war. The result is a spicy blend of combat manual and cultural manifesto. *Rules for Reformers* is a little bit proclamation of grace, a little bit Art of War, and a little bit analysis of past embarrassments and current cowardice, all mixed together with a bunch of advanced knife-fighting techniques. As motivating as it is provocative, *Rules for Reformers* is just plain good to read. Thanks to Saul Alinsky's *Rules for Radicals: A Practical Primer for Realistic Radicals*--a book well-beloved by Barack Obama, Hillary Clinton, and many others--for much of the shrewd advice, and for none of the worldview.
