Kumon Publishing North America

UNHOLY TRINITY

Marshall Cavendish International Asia Pte Ltd New in this edition: REPENTANCE ON DEATH ROW. AN EXCLUSIVE INTERVIEW WITH SISTER GERARD, THE NUN WHO COUNSELLED THE TWO WOMEN ACCOMPLICES Singapore's most bizarre murder case drew to a close on 25 November 1988 when Adrian Lim, his wife Catherine Tan Mui Choo and mistress Hoe Kah Hong were hanged at Changi Prison. After two children were found dead within a fortnight in 1981, the Toa Payoh 'ritual killings' proved shocking for the revelations about self-styled spirit medium Adrian Lim's greed, depravity and cruelty. The confidence trickster persuaded numerous women that he possessed supernatural powers and they paid him with money, valuables and sex. He tortured his victims with primitive electric shock treatments that left one man dead. He was a monster who beat, slapped and kicked his women to make them fear and obey him as he acted out his every lustful perversion. He turned his wife into a prostitute and stripper. He made his mistress lure the children to their deaths. Sentencing all three to hang, the trial judges said of Adrian Lim: "We are revulsed by his abominable and depraved conduct."

SHADOW EDUCATION

PRIVATE SUPPLEMENTARY TUTORING AND ITS IMPLICATIONS FOR POLICY MAKERS IN ASIA

Asian Development Bank In all parts of Asia, households devote considerable expenditures to private supplementary tutoring. This tutoring may contribute to students' achievement, but it also maintains and exacerbates social inequalities, diverts resources from other uses, and can contribute to inefficiencies in education systems. Such tutoring is widely called shadow education, because it mimics school systems. As the curriculum in the school system changes, so does the shadow. This study documents the scale and nature of shadow education in different parts of the region. Shadow education has been a major phenomenon in East Asia and it has far-reaching economic and social implications.

FLUID MECHANICS AND FLUID POWER ENGG.-(TWO COLOUR)

Basic concepts of fluids and fluid flow are essential in all engineering disciplines to get better understanding of the courses in the professional programmes, and obviously its importance as a core subject need not be overemphasised.

THE ROUGH-FACE GIRL

Penguin From Algonquin Indian folklore comes one of the most haunting, powerful versions of the Cinderella tale ever told. In a village by the shores of Lake Ontario lived an invisible being. All the young women wanted to marry him because he was rich, powerful, and supposedly very handsome. But to marry the invisible being the women had to prove to his sister that they had seen him. And none had been able to get past the sister's stern, all-knowing gaze. Then came the Rough-Face girl, scarred from working by the fire. Could she succeed where her beautiful, cruel sisters had failed?

BIG PIG ON A DIG

Turtleback Books When Big Pig receives a mysterious map, he asks Fat Cat to help him dig, but Fat Cat wants to take a nap, so Big Pig decides to go out on his own, in a text with movable flaps.

MY BOOK OF ADDITION

Kumon Publishing North America In a step-by-step approach, children are taught how to add three, four and five and bigger single-digit numbers. This enables them to gain solid calculation skills without being confused about decimal places. Building basic addition skills is vital to later understanding of the decimal system, which is the foundation of higher level arithmetic concepts and skills taught at school. The purpose of this book is to prepare children for school-level mathematics.
