These approaches include material practices, such as extraction and disaster recovery, and extend into the domains of human rights and education. This volume addresses the need in sustainability science to recognize the deep and diverse cultural histories that define environmental politics. It brings together scholars from cultural studies, anthropology, literature, law, behavioral science, urban studies, design, and development to argue that it is no longer possible to talk about sustainability in general without thinking through the contexts of research and action. These contributors are joined by artists whose public-facing work provides a mobile platform to conduct research at the edges of performance, knowledge production, and socio-ecological infrastructures. *Situating Sustainability* calls for a truly transdisciplinary research that is guided by the humanities and social sciences in collaboration with local actors informed by histories of place. Designed for students, scholars, and interested readers, the volume introduces the conceptual practices that inform the leading edge of engaged research in sustainability. *Adele Jane Eyre's Hidden Story* [William Morrow](#) The daughter of the celebrated Parisian actress Céline Varens, Adèle is a homesick, forlorn eight-year-old when she is first brought to Thornfield Hall by Edward Fairfax Rochester, her mother's former lover and -- though the grand estate's brooding lord refuses to acknowledge it -- quite possibly Adèle's father. Lonely and ill at ease in the cold, unfamiliar English countryside, the sad, precocious child longs to return to the glitter of Paris ... and to the arms of the mother who has been lost to her. But a small ray of sunshine brightens her eternal gloom when a stranger arrives to school and care for her: a mousy and serious yet intensely loving young governess named Jane Eyre. As the years pass, Adèle watches with wonder as an unexpected romance blossoms between her governess and her guardian -- even as her curiosity leads her deeper into the shadowy manor, toward the dark and terrible secret that is locked away in a high garret. And on Jane and Rochester's planned wedding day, it is Adèle who is instrumental in bringing about the fiery catastrophe that shatters her "family" and sends her fleeing, frightened and alone, back to France. But Paris is no longer the glamorous ideal she remembers. Intent on finding her mother, Adèle is soon lost in a world of sham sparkle and ruthless exploiters. Yet her will remains strong as she grows and learns, determined to follow her solitary odyssey to its inevitable conclusion, as she -- like Jane Eyre and the tormented Edward Rochester -- searches for salvation and love amid the ruins of misfortune. A novel of wondrous imagination and vivid intensity, *Emma Tennant's Adèle* brilliantly captures the nuances and spirit of the cherished classic that inspired it, while being a bold and original literary work that stands firmly and gloriously on its own. *William Shakespeare's Star Wars Verily, A New Hope* [Quirk Books](#) *The New York Times Best Seller* Experience the Star Wars saga reimagined as an Elizabethan drama penned by William Shakespeare himself, complete with authentic meter and verse, and theatrical monologues and dialogue by everyone from Darth Vader to R2D2. historical fiction that tells the unbelievable story of the early days of the Mormon church through the eyes of the woman who saw it all—Emma, the first wife of the prophet Joseph Smith. In 1825, in rural Pennsylvania, Emma Hale marries an itinerant treasure-digger, a man who has nothing but a peep-stone in his pocket and a conviction that he can speak directly to God. His name is Joseph Smith and in a few short years, he will found his own religion, gather zealous adherents by the tens of thousands, and fracture Emma's life and faith. While the Mormon religion finds its feet and runs beyond the grasp of its founder, Emma struggles to maintain her place in Joseph's heart—and in the religion that has become her world. The Mormons make themselves outcasts everywhere they go. Joseph can only maintain his authority by issuing ever-stranger commandments on God's behalf, culminating in an edict that men should marry as many women as they please. The Mormons' adoption of polygamy only sets them further apart, and soon their communities are ravaged by violence at the hands of their outraged fellow Americans. For Emma, things take a more personal toll as Joseph brings in a new wife—a woman whom Emma considers a sister. As Emma's family grows along with Joseph's infamy, she knows there will never be peace until Joseph faces the law. But on the half-wild edge of the frontier, he's more likely to find death at the hands of a vigilante posse than a fair trial. For the sake of her people—and her soul—Emma must convince the Prophet of God to surrender... and perhaps to sacrifice his life.

The Poltergeist Prince of London The Remarkable True Story of the Battersea Poltergeist [The History Press](#) It began with a key. One afternoon in 1956, in the home of the Hitchings family in Battersea, south London, a small silver key appeared on Shirley Hitchings' bed. This seemingly insignificant event heralded the beginning of one of the most terrifying, incredible and mysterious hauntings in British history. The spirit, who quickly became known as 'Donald', began to communicate, initially via tapping sounds, but over time - and with the encouragement of psychical researcher Harold Chibbett, whose case-files appear here - by learning to write. Soon, the spirit had begun to make simply incredible claims about his identity, insisting that he was one of the most famous figures in world history - but what was the truth? Here, for the first time, is the full story, told by the woman right at the heart of it all - Shirley herself.

'An unforgettable novel about mothers and daughters by a spellbinding talent' Daily Mail 'Stylistically ambitious and deeply moving' Kirkus Reviews 'A goddamn heartbreaker' Emma Straub, author of The Vacationers Love, Theodosia A Novel of Theodosia Burr and Philip Hamilton [Simon and Schuster](#) A Romeo & Juliet tale for Hamilton! fans. In post-American Revolution New York City, Theodosia Burr, a scholar with the skills of a socialite, is all about charming the right people on behalf of her father—Senator Aaron Burr, who is determined to win the office of president in the pivotal election of 1800. Meanwhile, Philip Hamilton, the rakish son of Alexander Hamilton, is all about being charming on behalf of his libido. When the two first meet, it seems the ongoing feud between their politically opposed fathers may be hereditary. But soon, Theodosia and Philip must choose between love and family, desire and loyalty, and preserving the legacy their flawed fathers fought for or creating their own. Love, Theodosia is a smart, funny, swoony take on a fiercely intelligent woman with feminist ideas ahead of her time who has long-deserved center stage. A refreshing spin on the Hamiltonian era and the characters we have grown to know and love. It's also a heartbreaking romance of two star-crossed lovers, an achingly bittersweet “what if.” Despite their fathers' bitter rivalry, Theodosia and Philip are drawn to each other and, in what unrolls like a Jane Austen novel of manners, we find ourselves entangled in the world of Hamilton and Burr once again as these heirs of famous enemies are driven together despite every reason not to be.

W. Norton](#) A playful history of the humble index and its outsized effect on our reading lives. Most of us give little thought to the back of the book--it's just where you go to look things up. But as Dennis Duncan reveals in this delightful and witty history, hiding in plain sight is an unlikely realm of ambition and obsession, sparring and politicking, pleasure and play. In the pages of the index, we might find Butchers, to be avoided, or Cows that sh-te Fire, or even catch Calvin in his chamber with a Nonne. Here, for the first time, is the secret world of the index: an unsung but extraordinary everyday tool, with an illustrious but little-known past. Charting its curious path from the monasteries and universities of thirteenth-century Europe to Silicon Valley in the twenty-first, Duncan uncovers how it has saved heretics from the stake, kept politicians from high office, and made us all into the readers we are today. We follow it through German print shops and Enlightenment coffee houses, novelists' living rooms and university laboratories, encountering emperors and popes, philosophers and prime ministers, poets, librarians and--of course--indexers along the way. Revealing its vast role in our evolving literary and intellectual culture, Duncan shows that, for all our anxieties about the Age of Search, we are all index-rakers at heart--and we have been for eight hundred years. *Beautiful Lies* [Houghton Mifflin Harcourt](#) A tale inspired by a true story follows the experiences of Scottish aristocrat's wife Maribel Campbell, a self-proclaimed Chilean heiress who in late Victorian London finds her husband's career threatened by a notorious journalist's investigation into her true past. *Nadia's Obsession A Provocateur Novel* [Chaney-Hall Pub](#) The story of a young Russian orphan girl who comes to America as a mail-order-bride and her encounters with powerful, alpha males.--Publisher. *Stella Bain* [Back Bay Books](#) "Shreve's 17th novel is a tragic yet hopeful story of love, memory, loss, and rebuilding....The novel is both tender and harsh....Shreve's thoughtful, provocative historical tale has modern resonance." ---Publishers Weekly *Stella Bain* has no memory of her past when she wakes up in a hospital bed in Marne, France. Godine Publisher](#) Kim Smith makes a living as a professional decorator, but her real passion is her garden, a small and densely packed quarter acre beside her Gloucester seaside home, into which she has crammed nearly every species imaginable and a few (like apricots) that most of us would consider unimaginable. We are not going to claim that this is a book for all gardens and gardeners, but its twenty-two chapters really cover an immense amount of ground - all centered on the 5-6 coastal zones that cover most of the Eastern Seaboard from Georgia to Maine, while taking into account the expected vagaries of New England weather. This is a book that should appeal equally to serious gardeners interested in the specifics of varieties and cultivars that thrive in coastal zones and garden designers who want to learn more about what lives best where. For Smith is wise in not writing merely about the plants, shrubs, and trees and their cultivation; this is a book as much about mood - about how to design and visualize a small garden - as it is about what varieties and cultivars to buy. Eclectic in its approach, incorporating quotations and citations from Eastern as well as Western sources, she challenges with the eye of an artist, but also with the down-and-dirty experience of someone wrestling with a small space, limited sunshine, the usual encroachments of blight, bugs, beasts, and the particular New England challenges of a relatively brief growing season and mediocre soil. Illustrated in full color with her own drawings, this is a book that should recommend itself to anyone who gardens in the coastal zones of the eastern United States. What Smith suggests has been tried and tested, and what she proposes is both sensible and sensitive. **Blade Runner 2029 #9** [Titan Comics](#) Early in the 21st Century, the Tyrell Corporation advanced Robot evolution into the Nexus phase - a being virtually identical to a human - known as a Replicant. Yotun had Ash abducted before launching an all-out terrorist attack upon Los Angeles. His Replicant army destroyed the newly constructed seawall, killing the city's political and corporate elite, and inciting all Replicants in the city to revolt against their masters, before taking over the LAPD Tower. Rescued from Yotun's clutches by members of Freysa's Underground, Ash raced back to the city to rescue her lover, whom Yotun mistakenly believed had joined his cause. Instead, she sabotaged his broadcast to the city from the LAPD Tower, and in retaliation he blinded her in one eye and left her to die in the burning building. Faced with killing Yotun or rescuing Freysa, Ash chose her wounded lover and the two of them were air-lifted from the rooftop by the Underground... **Blade Runner 2029 #11** [Titan Comics](#) Early in the 21st Century, the Tyrell Corporation advanced Robot evolution into the Nexus phase - a being virtually identical to a human - known as a Replicant. I'm just happy to see her work her magic' JENNY OFFILL Useless Miracle [Melville House](#) A classic, smart comedy in which a college professor attains mankind's oldest dream: the ability to fly...sort of... George Entmen just turned forty, and he can't complain. As the James Lydecker Chair of Hermeneutics in the English department at Northwestern, he is honored in his field, beloved by friends and family, and ready to drift quietly into tenured middle age. But then he discovers he can fly. Sure, he can only fly very, very slowly; he needs to have his hands thrust out in front of him like Superman; and he only flies three or four inches above the ground. In fact, as he has to be prone to do it, he is, in flight, further from the sky than ever. But why does this nonetheless amazing phenomenon drive so many people into a rage? Why do he and his family find themselves dodging livid magicians, exploitative friends, scheming billionaireesses, thirteen-year-old boys who are sure they saw the wire, and, perhaps worst of all, angry hermeneuticians? George's friend Harvey tells him that, beneath all the chaos, his gift has to have a meaning. But to find it, Harvey says, George needs to understand one thing: "You're not flying, you're being flown." Wigs on the Green [Penguin UK](#) Wigs on the Green by Nancy Mitford is a hilarious satire of the upper classes. Eugenia Malmains is one of the richest girls in England and an ardent supporter of Captain Jack and the Union Jackshirts; Noel and Jasper are both in search of an heiress (so much easier than trying to work for the money); Poppy and Marjorie are nursing lovelorn hearts; and the beautiful bourgeois Mrs Lace is on the prowl for someone near Eugenia's fabulous country home at Chalford, and much farce ensues. One of Nancy Mitford's earliest novels, Wigs on the Green has been out of print for nearly seventy-five years. Nancy's sisters Unity and Diana were furious with her for making fun of Diana's husband, Oswald Moseley, and his politics, and the book caused a rift between them all that endured for years. Nancy Mitford skewers her family and their beliefs with her customary jewelled barbs, but there is froth, comedy and heart here too. 'Deliciously funny' Evelyn Waugh The New Countess [Head of Zeus](#) The year is 1905 and King Edward VII has invited himself and his mistress to a shooting weekend with the Dilbernes. Now Isobel, the Countess, must turn a run-down mansion into a palace fit for a king. Just as well the family fortunes have been restored, but money can't solve everything... not even a kidnapping. The servants refuse to condone the King's morals; Isobel's daughter, Lady Rosina - now widowed and wealthy - insists on publishing a scandalous book, and the mis-spent pasts of Viscount Arthur and his Irish-American wife Minnie rear up to blacken the family name. When fate deals a hand in the middle of the shooting party, Isobel must consider not only her leading position in Society, but her entire future. Fay Weldon brings an aristocratic Edwardian household to fabulous, vibrant life in this gorgeously witty tale of manners and morals, commoners and countesses, from one of Britain's best loved authors. The Eyes of the Queen A Novel [Atria/Leopoldo & Company](#) In this first novel of the exhilarating Agents of the Crown series, a man who will become the original MI6 agent protects England and Her Majesty Queen Elizabeth I from Spain's nefarious plan to crush the Age of the Enlightenment. After centuries locked in an endless cycle of poverty, persecution, and barbarity, Europe has finally emerged into the Age of Enlightenment. Scientists, philosophers, scholars, and poets alike believe this to be a new era of reason and hope for all. But the forces of darkness haven't completely dissipated, as Spain hunts and butchers any who dare to defy its ironclad Catholic orthodoxy. Only one nation can fight the black shadow that threatens this new age, and that is Britain, now ruled by a brilliant young Queen Elizabeth I. But although she may be brave and headstrong, Elizabeth knows she cannot win this war simply by force of arms. After her armies have been slashed in half, her treasury is on its knees. Elizabeth needs a new kind of weapon forged to fight a new kind of war, in which stealth and secrecy, not bloodshed, are the means. In this tense situation, Her Majesty's Secret Service is born with the charismatic John Dee at its head. A scholar, a soldier, and an alchemist, Dee is loyal only to the truth and to his Queen. And for her, the woman he's forbidden from loving, he is prepared to risk his life. A visceral and heart-pumping historical thriller, The Eyes of the Queen is perfect for fans of Ken Follett and Dan Brown. Drunk Stoned Brilliant Dead The Writers and Artists Who Made the National Lampoon Insanely Great [Abrams](#) From its first issue in April, 1970, the National Lampoon blazed like a comet, defining comedy as we know it today. To create Drunk Stoned Brilliant Dead, former Lampoon illustrator Rick Meyerowitz selected the funniest material from the magazine and sought out the survivors of its first electrifying decade to gather their most revealing and outrageous stories. The result is a mind-boggling tour through the early days of an institution whose alumni left their fingerprints all over popular culture: Animal House, Caddyshack, Saturday Night Live, Ghostbusters, SCTV, Spinal Tap, In Living Color, Ren & Stimpy, The Simpsons—even Sesame Street counts a few Lampooners among its ranks. Long before there was The Onion and Comedy Central news shows, there was the National Lampoon, setting the bar in comedy impossibly high! A very similar title, differing only in the subtitle, was used for the 2015 documentary film, Drunk Stoned Brilliant Dead: The Story of the National Lampoon, for which Rick Meyerowitz designed the poster, as he also did for the 1978 film National Lampoon's Animal House. The Pleasures of Men [Penguin UK](#) Dark and compelling, The Pleasures of Men is a gothic thriller which marks Kate Williams as a stunning new voice in historical fiction. Spitalfields, 1840.
